"Good Gardens Grow From Great Designs"®

Livingscapes grew from a love of architecture and plants combined with the belief that through innovative design, site research and client consultation, inspirational indoor & outdoor living spaces can be created that reflect the form and function specific to the people that live within.

Livingscapes Principle Manager, Tracey Penkethman, is both a qualified Residential Drafter & a qualified Landscape Designer with a Horticultural background. Tracey has had many years of experience designing and creating unique living spaces for our clients in Perth.

Livingscapes and the team thoroughly enjoy being given the privilege of transforming our client's indoor and outdoor living spaces and are totally committed to meet every clients individual requirements.

Our team includes Builders, Carpenters, Engineers, Interior Designers and a vast array of qualified trade contractors required to complete the most challenging jobs.

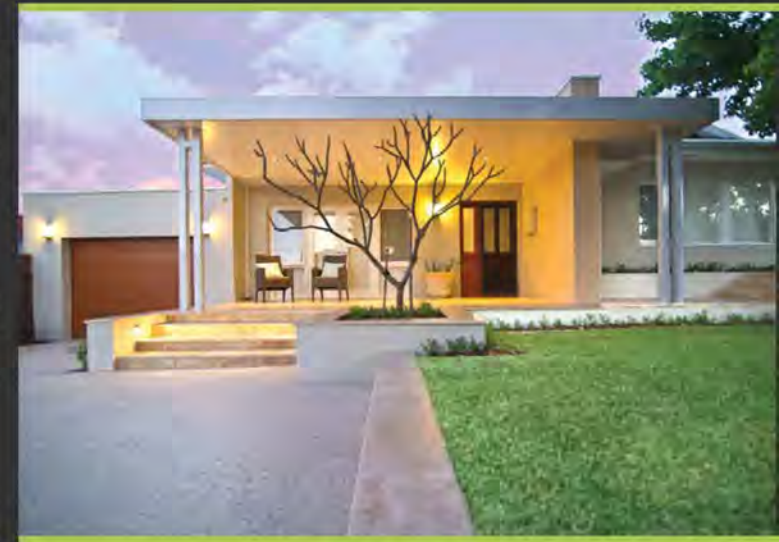

Over the years Livingscapes has also developed an invaluable network of businesses associations that offer quality construction products and materials in Perth. We strive on getting the best price for our materials and products in order to be able to pass any savings onto our clients.
